

Sharon Vitti

My name is Sharon Vitti and I am interested in filling one of the open positions on the Newton South School Council. I have a diverse background that would allow me to contribute to an already very strong school through participation on the School Council.

I am a parent of three teenagers, Estelle, Charlotte and Bryce Cadrain. Estelle is a junior and Charlotte is a freshman, both at South. My son Bryce is an eighth grader attending a school outside of Newton. I enjoy being an active parent, volunteer youth coach and a health care profession.

I am familiar with the work and commitment that comes with being a Council member through my roles on the Angier School Council (for 5 years) and the Brown School Council (for 1 year). I understand the typical issues, agendas and approaches of the various School Councils and appreciate the strength of having administrators, parents and teachers collaborating and advising on school related issues. At Angier, our Council work included documenting some of the initial components of the business case used to gain support for the recent Angier renovation. At Brown, the Council worked on prioritizing and securing funding for key facility improvement projects and evaluating options to support increased class sizes. In all of these initiatives, I was able to lend the perspectives of a parent, coach and working mom. Additionally, I was able to utilize my communication, project management and strategic thinking skills to help further the Council agenda.

I thoroughly enjoyed my time on the Councils and would welcome the opportunity to contribute to the Newton South School and community.
