

Support Newton Student Travel Scholarships

Newton South offers incredible [educational travel programs](#), yet many students cannot afford to participate in these trips.

The Jennifer Price Global Education Leadership Fund (GELF) raises funds to provide financial aid to these students so that they too can participate in these life-changing international opportunities.

Support our students by attending the

11th annual GELF Benefit Dinner

Saturday, May 4, 2019

6:30-11:30pm

Purchase tickets or donate [here!](#)

GELF's annual benefit dinner is a not-to-be-missed community event, featuring an amazing 5-course gourmet meal, fine beer and wine pairings, an auction, raffle, live band, dancing, and table service by the Newton mayor, superintendent of schools, and school principals. [Join us](#) as we celebrate the students, teachers, and donors who make global learning possible.

The annual GELF dinner raises more than \$50,000. This allows 20-30 low-income students to participate in the 15-20 different international programs offered every year through Newton Public Schools. The educational travel opportunities open doors that would otherwise be out of reach and help students to become more engaged, global citizens. This school year, GELF has already awarded nearly \$60,000 in scholarships to support students on nearly every international program offered by the schools. Help make sure we can continue this level of financial aid!

Thank you for your supporting us to continue to make this possible!

Making dreams come true for over 10 years
